

# Material Safety Data Sheet

ARKRAY USA Inc.  
5182 West 76<sup>th</sup> Street  
Edina, MN 55439  
Technical/Emergency Phone: 877-538-8872  
Option # 5

## 1. Product and Company Information:

---

**Product Name:** SPOTCHEM™ II Uric Acid  
**Common Name:** SPOTCHEM™ II Uric Acid  
**Product Code:** SE77102  
**NDC:** NA

## 2. Composition / Information on Ingredients:

---

This reagent is composed of a plastic strip to which a multi-layered test field containing reagents is affixed and contains a little amount of uricase, ascorbate oxidase, peroxidase, redox agents, a detergent, salt and others.

<b>Substance Name:</b>	<b>CAS #</b>
Uricase	9002-12-4
4-Aminoantipyrine	83-07-8
N-Ethyl-N-(2-hydroxy-3-sulfopropyl)-mtoluidine sodium salt (TOOS)	82692-93-1
Peroxidase(POD)	9003-99-0
Ascorbate oxidase(AsOD)	9029-44-1

## 3. Hazards Identification:

---

May cause inflammation or eczema by skin contact.

### Eye:

Effect: NA  
First Aid: Immediately wash eyes with plenty of clean water for at least 15 minutes and seek medical advice.

### Skin:

Effect: NA  
First Aid: Immediately wash thoroughly with water and soap. Immediately seek medical advice if causes itchiness and inflammation, etc.

### Inhalation:

Effect: NA  
First Aid: Not applicable. This is a dry reagent.

### Ingestion:

Effect: NA  
First Aid: Immediately rinse out mouth and seek medical advice.

## 4. Fire Fighting Measures:

---

Flash Point: NA

## Material Safety Data Sheet

Flammability Limits: NA  
Extinguishing Media: Water, etc.  
Special Fire Fighting Procedures: None  
Unusual Fire Hazards: NA

### 5. Accidental Release Measures:

---

Wear suitable protective equipment.

In case of contact with skin and eyes, immediately wash with plenty of water and seek medical advice.

Spill or Leak: NA

### 6. Handling and Storage:

---

Handling & Storage:

- Do not keep the aluminum foil package open.
- Store in a refrigerator at 2-8° C (35.6- 46.4°F).
- Allow sufficient time for the refrigerated strips to reach ambient temperature before opening the aluminum package. Once the aluminum package containing the reagent strip has opened, the reagent strip must be used immediately.
- Use the reagent strip prior to its expiration.
- Do Not touch the reagent field of the reagent strip with your finger.

### 7. Exposure Controls / Personal Protection:

---

Exposure Limits: Not available  
PPE: Respiratory Protection – Use an organic canister mask, if necessary.  
Eye Protection – Use safety goggles, if necessary  
Skin Protection – Use rubber gloves and suitable protective clothing, if necessary  
Engineering Measures: Once the aluminum foil package containing the reagent strip has opened, the reagent strip must be used immediately.

### 8. Physical/Chemical Properties:

---

Boiling Point (°F): Not available  
Vapor Pressure (mmHg): Not available  
Vapor Density (Air = 1): Not available  
Solubility in Water: Not available  
Specific Gravity (Water = 1): Not available  
Percent Volatile by Volume: Not available  
Evaporation Rate: Not available  
Appearance and Odor: This is a dry reagent strip and is composed of a plastic strip to which a multi-layered test field containing reagents is affixed. This has no order.

## Material Safety Data Sheet

### 9. Stability and Reactivity:

---

Stability: Stable under normal conditions.  
Incompatibility (Materials to Avoid): High temperature and humidity  
Hazardous Decomposition Products: Not available.

### 10. Toxicological Information:

---

Toxicity Data: Acute toxicity – oral (rat) LD<sub>50</sub>; Not available  
Acute toxicity – inhalation (rat)LD<sub>50</sub>; Not available  
Acute toxicity – skin (rabbit) LD<sub>50</sub>; Not available  
Skin Irritation – May cause inflammation or eczema by skin contact, irritating to skin.  
Eye Irritation – Not available.  
Sensitizing – Not Available.  
Chronic Toxicity – Not Available.  
Mutagenicity – Not Available.  
Carcinogenicity; IARC – Not Available. ACGUH – Not Available. NTP – Not Available.  
Reproductive Toxicity – Not Available.

### 11. Disposal Considerations:

---

Waste Disposal: Dispose of used strips as biohazardous waste in accordance with applicable regulation.

### 12. Transport Information:

---

After confirmation of damage on the package, ship the packages without tumble, dropping or damage. Transport the packages at 35.6 – 46.4° F (2 to 8° C)

#### DOT

Proper Shipping Name: NA  
Non-Hazardous for Transport: NA

#### IATA

Proper Shipping Name: NA  
Non-Hazardous for Air Transport: NA

### 13. Regulatory Information:

---

This product should be treated as biohazardous waste (Biohazardous Disposal Procedure)

## Material Safety Data Sheet

### **14. Other Information:**

---

This material safety data sheet and the information it contains are offered to you in good faith as accurate. We have reviewed any information contained in this data sheet, which we received from sources outside our company. We believe that information to be correct but cannot guarantee its accuracy or completeness. Health and safety precautions in this data sheet may not be adequate for all individuals and/or situations. It is the user's obligation to evaluate and use this product safely and to comply with all applicable laws and regulations. No statement made in this data sheet shall be construed as a permission or recommendation for the use of any product in a manner that might infringe existing patents. No warranty is made, either expressed or implied.
